3. Steps To Add Role Management

1. Users → Role Management -> Click on Add new Role
2. Enter the **Role Name** & **Rank Level** (lower numbers have higher priority; 1 is the highest).
3. Select the **Module Scope** from the dropdown.
4. Check **Is All Access Role?** if the role should have full access to all modules

5. Click **Save** to create the role.

The screenshot shows the 'New Role' form. It contains the following fields and options:

- Role Name ***: Text input field containing 'Super Admin'. A red handwritten circled '2' is next to it.
- Rank Level ***: Dropdown menu showing 'Rank 10'. A red handwritten circled '2' is next to it. A note 'LOWER IS STRONGER (1 = TOP)' is visible.
- Module Scope**: Dropdown menu showing 'System Wide (Full Access)'. A red handwritten circled '3' is next to it.
- Is All Access Role?**: A checked checkbox. A red handwritten circled '4' is next to it. Below it is a warning: 'Warning: All-access roles bypass individual privilege checks.'
- Buttons**: 'Cancel' and 'Save' buttons. A red handwritten circled '5' is above the 'Save' button.

Red handwritten annotations include a circled '1' pointing to the search bar in the previous screenshot, a circled '2' next to the 'Role Name' and 'Rank Level' fields, a circled '3' next to the 'Module Scope' dropdown, a circled '4' next to the 'Is All Access Role?' checkbox, and a circled '5' above the 'Save' button.

4. To Add Users and Users privileges

1. Users -> User management -> Click on Add new user
2. Enter a unique **Username** and the employee's **Full Name**.
3. Verify or enter the **User Code**.
4. Enter the **Email Address** and **Phone Number** (optional).
5. Select the appropriate designation from the **Role** dropdown menu.
6. Enter a secure password in the **Password** field and retype it in **Confirm Password**.
7. Click **Save**.

rajeshwari	9844396657	Canteen Manager	Active	View Edit Delete
test	876543211	Canteen Supervisor	Disabled	View Edit Delete

The screenshot shows a 'New User' form with the following fields and annotations:

- Username ***: avtuser (Annotation 2)
- Full Name ***: Avtuser
- User Code**: AVT (Annotation 3)
- Email Address**: avt@gmail.com
- Phone Number**: 8475954857 (Annotation 4)
- Role ***: Canteen Manager (Annotation 5)
- Password ***: (Annotation 6)
- Confirm Password ***: (Annotation 7)

At the bottom right, there are 'Cancel' and 'Save' buttons. The 'Save' button is highlighted with a red arrow pointing to it from annotation 7.

Steps to set up Users privileges

1. Users -> User Previllages
2. Select the required **Role**. (Example: Canteen Manager, Canteen Supervisor, Office Manager etc..)
3. Select a specific **Module** or choose **All Modules**.
4. Enable the required permissions: Read(Click **All Read** -> Read permission is enabled for all pages.), Write(Click **All Write** -> Write permission is enabled for all eligible pages.) , Delete (Delete permission is enabled for all eligible pages)
Repeat for all required pages.
5. Click **Save**.

The screenshot shows the 'Privilege Management' section of the D-apps application. The interface includes a sidebar menu on the left with options like Home, Canteen, Office, Users, User Management, User Privileges (highlighted with a red circle 1), Activity Logs, and Master Settings. The main content area is titled 'Privilege Management' and includes a sub-header 'Assign access per page using a compact permission matrix.' Below this, there are dropdowns for 'Role' (set to 'Canteen Manager') and 'Module' (set to 'All modules', with a dropdown menu open showing 'All modules', 'Main Menu', and 'Canteen Module'). A search bar is also present. On the right, there are buttons for 'All Read', 'All Write', and 'All Delete' (highlighted with a red circle 4), and a 'Save' button (highlighted with a red circle 5). The bottom section displays a table with columns for 'PAGE / MODULE', 'READ', 'WRITE', and 'DELETE'. The table lists permissions for 'Home', 'Canteen', and 'Office'.

View Activity logs

1. Users -> Click on Activity Logs.
2. Select a quick time filter at the top (e.g., **Today**, **Yesterday**, **This Week**, **This Month**, or **Custom**).
3. Use the filter dropdowns to narrow down logs by specific **User**, **Activity Type**, or **Status**.
4. Review the summary metric cards (**Total Logs**, **Success**, **Failed**, and **Important**).
5. View the detailed history table containing the **Activity Description**, **User**, **Module**, **Status**, and **Date & Time**.

5. To Set up Master settings -> Temple Identity

1. Click on Master settings -> System settings dropdown -> Click on Temple identity
2. Update **Temple Details** by entering the English Name, Kannada Name, and uploading a logo using **Choose Logo**.
3. Fill in the **Contact** details including telephone numbers, department lines, email address, and website URL.
4. Update the geographical **Location** details and paste the **Google Maps** link.
5. Set the operational **Timings** by adjusting the **Opening Time** and **Closing Time**.

6. Click **Save Settings**.

The screenshot shows the 'Temple Identity' settings page. The left sidebar contains a 'MAIN MENU' with options: Home, Canteen, Office, Users, User Management, User Privileges, Activity Logs, Master Settings, System Settings, Temple Identity, Receipt Settings, Data Cleanup, and Donation Type. The 'Temple Identity' section is highlighted. The main content area is divided into four sections: Temple Details, Contact, Location, and Timings. Each section has a red circle with a number and an arrow pointing to it: 1 points to the 'Master Settings' dropdown in the sidebar, 2 points to the 'Temple Details' section, 3 points to the 'Contact' section, 4 points to the 'Location' section, 5 points to the 'Timings' section, and 6 points to the 'Save Settings' button at the bottom right. The 'Save Settings' button is highlighted in orange.
